Well, this was from when I was a wee little tike and I need someone to fix the white spots (possibly blending?) and the corners so I can put it on a peice of photo paper to give it to my dad for his birthday. Please someone do it I will really appreciate it.

sorry i'm in a hurry and that wasn't necessarily helpful.

Edit:

please guys I really need it

Edit:

Alright, here you go.

no more white dots
